## A bridge between Europe and Asia

EURASIA NET comes from the desire to create a generation of committed young people, open to the world and to innovate. Our mission is to support young people's civic commitment and to help them in the construction of their future project by offering unique experiences with a strong impact at a local and international level.

## YOUTH INTERNATIONAL MOBILITY

Eurasia net supports each year a hundred of young people between **18 and 30 years old** from the department of Bouches-du-Rhône and from other regions of France to engage in international volunteering through the **International Civic Service** and the **European Solidarity Corps**. We also offer opportunities to participate in Erasmus+ projects through youth meetings, intercultural exchanges and trainings.

### Our support

- Help with applications
- Language workshops
- Group pre-departure trainings
- Individual follow-up throughout the volunteering mission
- Follow-up after the volunteering mission
- Focus on future projects

## EUROPEAN AND INTERNATIONAL COOPERATION PROJECTS

Eurasia net works with organizations across Asia and Europe in the construction of projects supported by programs such as **Citizens' Europe, Erasmus+ or the Franco-German Office for Youth**.

## LOCAL SUPPORT

Eurasia net carries out actions with a local impact:

- Interventions and events: awareness of European mobility in the region.
- **Youth initiative incubator:** support for young people in setting up solidarity and sustainable projects.
- Open Lab: support for students in civic projects on their territory.
- Development of opportunities to welcome volunteers through the Civic Service for associations or local authorities.
- Organization of actions to raise awareness on the challenges of citizenship and international solidarity for young people.
